ThermoAccess-9

Infrared Thermometer Access Control

Advantages :

1S — Quick measurement

±0.2 — Accurate
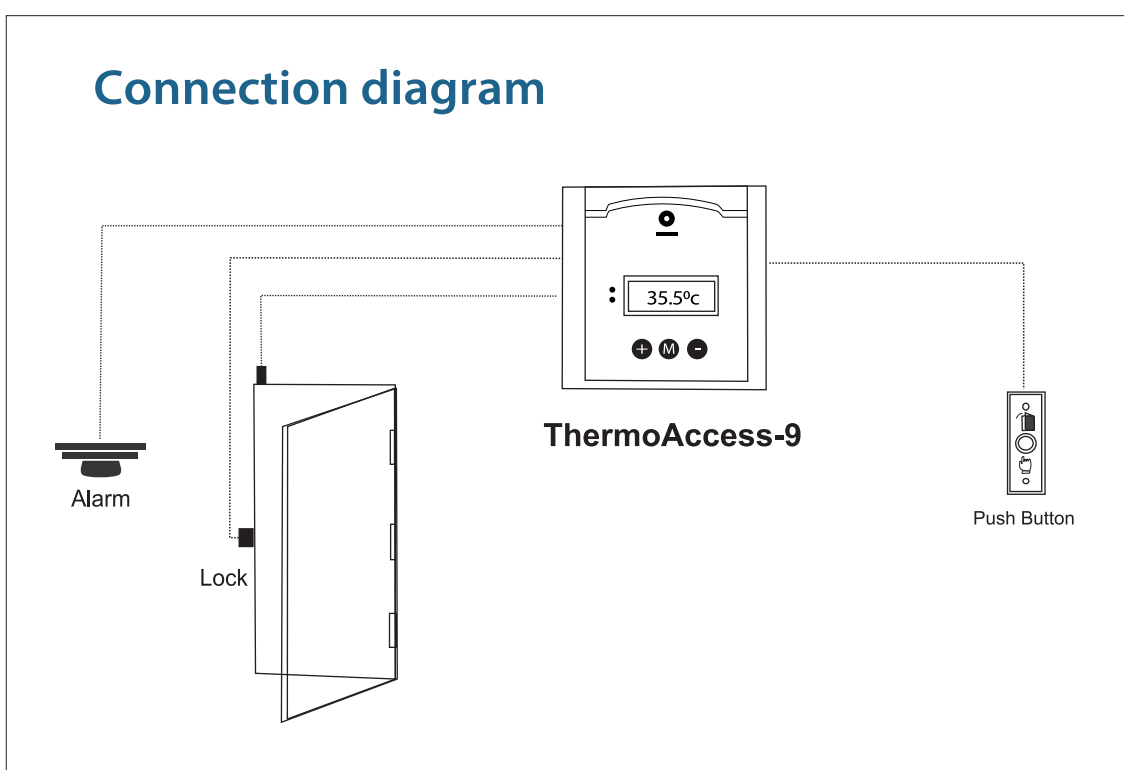

Secure — Contactless + Access control

-- Secure your people
-- Secure your workplace
-- Optimize work efficiency with our most Secure, Accurate, Fast solution
-- Can be integrated with all world leading biometrics and
   cards readers through internationally recognized Wiegand interface

36.5°C

Suitable for indoors ≤ 32⁰ C

Specifications

Display	Infrared LED	**Internal relay**	Yes
Accurate	±0.2ºC	**Wiegand input/output**	Yes
Measuring time	<0.5s	**Alarm**	Yes (External Available)
Working voltage	5V ~ 12V input	**Certificates**	CE/FCC
Operating temperature	5ºC~32ºC	**Size**	130*90*53mm
Measuring distance	5~10cm	**Weight**	240g
Temp measurement range	35ºC~42.9ºC	**Installation**	Wall mounted
